PROJECTS

GrieSol (2021 - 2022)

This is an android application which will allow students of the NITC to report their issues directly to the officials without any time and solve the grievance. The GrieSol application intends to reduce the response time for repairing and replacing of many things and some other issues.

GYM management system (2020)

This is an android app that helps the gym manager to manage all the members and their trainers' data along with their joining date and dues.
